Air Cadets' New Postwar Program Gets Under Way

This winter the Air Cadets will do more than start boys off on a flying career.

A complete new program of group sport, group fun and aerobics is already getting under way, states F/O A. Reiber, Officer Commanding No. 197 Squadron, Didsbury.

A basic feature of the new program of group recreation and fun is that every Cadet will actively and equally take part. It will not be a case of a few doing the actual playing while the rest simply stand by and watch. These group activities have been so designed that every boy will be an enthusiastic and active participant in the fun.

Though sports and group recreation will be an important part of the program, maximum attention is still to be given the aeronautic training.

This part of the program embraces such things as Aircraft Recognition, Airmanship, including the principles of flight and how those principles are used in the building and operation of planes, Engines, covering principles and functions of internal combustion engines, carburetion, ignition, lubrication and cooling; Air Navigation, Signals and other such subjects.

Competitive Scholarships and reduced rates are being proposed for those Air Cadets who will want to continue with advanced training and secure civilian flying licenses through civilian flying clubs, while the Soaring Association of Canada will make it possible for Air Cadets to receive complete plans and instructions for the building and flying of gliders.

There is only one requirement for boys desiring to participate in this enlarged postwar Air Cadet program. They must be 15 to 18 years of age. They are, of course, expected to be sufficiently interested in aviation to attend parades regularly.

Any eligible boy who wants to get in on the fun, and at the same time give wings to his future, is advised to "get crackin'" and get in touch with F/O A. Reiber, Officer Commanding, No. 197 Squadron, Didsbury.

Didsbury Jottings

By A.C.H.

Sometimes, we get a trifle tired of hearing about the Pilgrim Fathers, but we will say this for them—they did their own thanksgiving. We let other people do ours. We let Eleanor, the Bay Hostess, render thanks for Canada; the Happy Gang renders thanks for the Four Freedoms. Every program and every product did its bit. By the time the day was ended, practically all our blessings had been covered.

Of course, we hadn't just wasted the day; we had been working. We think. At least we had been rushing around. And as night fell came, we wondered if we wouldn't be willing to make a swap with the Pilgrim Fathers. We wondered whether we wouldn't trade them half a freedom, and a piece of Atlantic Charter for their old-fashioned thanksgiving day. It seemed to us that we had everything to be thankful for, except the time to be thankful in.

The Superfluty Shop has a good collection of overshoes on hand. It also has some overalls that would do a grand job of patching the ones you have. Take a look at them, anyway—over Mr. Fred Reifenstein's garage.

Pardon our bragging, but do you think any other Alberta town has as good looking a collection of service personnel as we have?

We saw a bushy beard on Main Street. Boy, it was a wow! Behind it, they tell me, was the Canadian Navy—could be. We noticed it wasn't far from the New Shoppe.

P.O. Advises

Mail Early For Overseas

The time to mail parcels for members of the Armed Forces overseas is drawing near. Postmaster-General P. Mulock advises that it is time to start planning now. Parcels for those serving in the more remote theatres of war should be sent earliest. Here is the Department's suggested "deadline" dates: October 5th—The Middle East area, Egypt, Iran, Iraq, Syria, etc.

October 10th—Central Mediterranean Force
October 25th—The United Kingdom and France.

C.P.R. Plans for Future

H. J. Humphrey

E. D. Cotterell

LONG-RANGE planning for the transition of the Canadian Pacific Railway Company from a war to a peacetime basis, was foreshadowed recently when H. J. Humphrey, Chairman and President, announced the assignment of H. J. Humphrey, formerly Vice-President of the Company's Eastern Lines, to "special duties."

Mr. Humphrey's exceptionally wide experience, extensive public contacts and comprehensive knowledge will be devoted primarily to the solution of problems that will confront the Company in the period of transition from war to peace," Mr. Coleman said. Mr. Humphrey is now located at the Company's headquarters in Montreal.

He succeeded as vice-president, Eastern Lines, by E. D. Cotterell, formerly general manager, Eastern Lines, who is promoted to vice-president and general manager, with headquarters in Toronto. Both Mr. Humphrey and Mr. Cotterell report to W. M. Neal, C.B.E., Vice-President of the Company. The appointments became effective October 1.

These changes again bring into the spotlight two officials who have each made great contributions to the steady advancement of Canadian railroading and have devoted their entire lives to the betterment of this vital phase of Canadian life.

Pioneer Family Moves to Calgary

One of the pioneer families of Didsbury left on Tuesday, when Mr. and Mrs. Durrer went to Calgary to make their home, having purchased a newly-built residence on the north hill.

Mr. Durrer came to Didsbury 40 years ago from Mildmay, Ont., and for a number of years was in the furniture business and later took up the undertaking business which he followed for over thirty years.

During his residence here, he served on both the Town Council and School Board.

Mr. and Mrs. Durrer have three sons in the armed services who enlisted from Didsbury.

Can You Beat It?

A potato weighing 3 pounds, grown by W. J. McCoy, was brought to the office this week. They say the potatoes are big this year, can you beat this one?

On Friday evening, October 6, a number of friends gathered in the two large rooms over Mr. Reifenstein's garage, to bid Bon Voyage to Roy Reifenstein, who leaves this week to serve in the Navy.

In the rooms, fittingly decorated to represent an H.M.C.S. ship, and gay with flags and red, white and blue streamers, dancing, games and songs were enjoyed by all, which was followed by a sumptuous lunch served by waitresses in white sailor hats and dainty sailor aprons.

Miss Margaret Adshead, on behalf of those present, made the presentations, which included an identification bracelet and a leather billfold, also a gold ring from the family.

Westcott W.I. Report

Eleven members and two visitors met with Mrs. Klinec sr., for the September meeting.

Roll call was answered with a question drawer.

The topic, "Home Economics and Handicrafts" was given by Mrs. Hughes.

A stuffed-toy contest was held honoring going to Mrs. A. Robertson and Mrs. Wilshusen, and toys will be forwarded to the Navy League.

A number of subscriptions were handed in for Home and Country magazine.

Evangelical Church Notes

"The Character of Jesus" will be the theme at 10:30 a.m. on Sunday, October 15.

A Harvest Home service will be held at Bethel at 3 p.m.

The evening service, at 7:15, will be in charge of the young people.

A cordial invitation is extended to all to attend.

Mountain View Council Meeting

At the Council meeting of Mountain View Council held in Didsbury last week, it was decided that the Secretary would not visit other towns for the collection of taxes this year. All taxes must be paid at the Municipal office.

A notification was read stating that the Board of Review had ruled that payments for 1943, under the Prairie Farmers' Assistance Act, could not be paid in Tp. 31 - R29 - W. 1.

Reeve Hogg, Councillors McCulloch and Fox, and Secretary Brusso were appointed delegates to the Municipal Convention to be held at Calgary on November 15, 16 and 17.

It was decided to purchase the gravel pit on NE 25-32-2-5, south west of Olds, and 2 acres south of Cremona was also purchased for a gravel pit.

It was decided to make application for review of Tp. 32 - R4, under the Prairie Farmers' Assistance Act.

It was reported that the graveling projects east of Carstairs and south of Olds had been completed, and the graveling of feeder roads west of Didsbury and west of Olds had been started. It was hoped that the program would be completed before freeze-up.

The matter of moving some of the main roads was discussed, and it was decided that where work was hired it would be paid for at the rate of 50c per hour for team and mower.

Seven reports of the Board of Review under the Farmers' Credit Arrangement Act were presented and one tax exemption of \$24 - 33 - 1 - 3, under the Soldiers' Home Property Act, was approved.

Reported Missing

Word was received on Thursday that F/O Don Reiber, son of Mrs. Mabel Reiber, was reported missing in action over Europe on October 1st.

F/O Reiber was born at Didsbury and received his education at Olds, from where he joined the R.C.A.F. He received his training at Calgary, Saskatoon and Trenton, Ont. He went overseas in 1942.

by H. G. L. Strange

**HIGHER QUALITY
WILL HELP**

The Food Research Institute tells us that the demands for wheat by European countries in peacetime will be less than many suppose.

Canada has the largest existing surplus of wheat, and each year a larger quantity for export than any other country. There are two things we might do; one is to reduce production to fit the European demand which will be low if existing obstructions to international trade continue, or the other would be for Canada and other countries to remove these existing obstructions to trade—tariffs and so forth—and so greatly increase the demand for Canadian wheat. This, of course, is by far the better method.

In any event, however, there will be keen competition to sell wheat, and as in the past, quality will count. Our prairie farmers, therefore, should make every effort to produce crops that are true-to-variety and so of high quality. The "Crop Testing Plan" once again this year finds that many farmers are growing wheat crops that are of mixed varieties, and so of poor quality. In every district there are some farmers who have true-to-variety crops which have been classified as "A" by "Crop Testing Plan" tests. Those farmers, therefore, who are doubtful about the quality of their crops should secure better seed. One cheap source of good seed would be their neighbors who have produced an "A" quality crop of a suitable variety.

Be Quick and the Dead

Ordinarily, it is not difficult to distinguish between a dead animal and one that is alive. With plants it is different. Under conditions of severe drought, the grass in a meadow or lawn may look dead; but only a day or two after rain it is obviously very much alive. Seeds show no sign of life until they are provided with conditions favourable to germination, and sometimes they may be alive, but dormant, and refuse to germinate even under apparently favourable circumstances.

When harvest weather is late, and in the absence of damage by diseases or insects, field crop seeds are usually alive. This fall, harvesting conditions have been very bad, in many districts, and frost has undoubtedly damaged a good deal of grain. Most farmers, therefore, will be wise to make a germination test or have one made.

The Elevator company agents can provide printed cards giving detailed instructions for making tests at home. They will, also, accept samples of wheat, oats, barley, rye and flax for testing in our laboratory. First class equipment and a skilled staff are at your service. Official government tests are made, for a nominal fee, at Plant Products Division Laboratories at Calgary, Saskatoon and Winnipeg.

Poor stands of grain are an invitation to weeds. Take no chances; but either make a test or have one made.

A Victory Bond is a mortgage on Canada... all of this country's resources guarantee payment of principal and interest. And money you lend to Canada, when you buy Victory Bonds, is the safest investment you can make.

You can borrow on Victory Bonds for seasonal farm requirements or any bank will pay cash for your bonds should you need cash at any time.

Money is a vital war weapon. Canada needs every dollar that every Canadian can save and lend... more than ever before. As the war increases in intensity, Canada's need for money increases, too. Our country's all-over borrowing needs are increased by over three hundred and twenty million dollars at this time. We must each be ready to lend again, and to lend more.

Thousands of small grains make a bushel of wheat. So with the money that Canada must borrow, from Canadians, to pay for the war: small sums loaned by individuals mount up to billions. Lend all you can... money you have saved and money you can save... but do not think that small loans are unimportant. Put your savings into mortgages on Canada—marketable mortgages. You will be doing a worthwhile war job... and you will get your money back... with interest.

Rugby Notes

With 11 members present, our W.I. meeting this month was held in the hall. We decided to collect another outfit for the Greek refugees, this time for a six year old boy. A number of the garments needed have been promised, and it is hoped to have them all on hand at the November meeting, which will be held at the home of Mrs. A. Blain.

Nine scrap books were turned in and the secretary and Mrs. H. Hosegood tied for 1st place in this contest.

Eight Ditty Bags have been sent down to the Navy League. These were contributed by our W.I. and Red Cross groups from Melvin, Rugby, Elkton, Zella, Inverness and St. John's Lutheran Ladies Aid.

After the business of the day ended, our fingers were busily occupied pulling wool till closing time, when lunch was served by our afternoon's hostesses.

Notes From the West.

Mrs. D. Sutherland and family of the Inverness district, are now making their home in Innisfail.

LAC N. G. Hogg is now stationed on the west coast.

A delightful shower was held at the home of Mrs. C. Brown jr. last Friday, in honor of Mrs. John Toole, nee Laura Toole, a recent bride, who was presented with a lovely woollen blanket

Because of the need for conserving paper, some companies are using their shipping cases several times over.

Ration Book No. 5 Covers a Year

Ration Book No. 5, to be distributed during the week of October 14-21, will cover 50 weeks instead of the former 32, owing to the stable picture of the supply situation which has been obtained for the first time since the war began.

An explanatory pamphlet per family, to be issued simultaneously, will provide consumers with a summary of the supply situation in sugar, butter and preserves.

Ration Book 5, similar in size to previous books, will contain 25 coupons on each of its 11 pages, as against 16 previously. There are no tea, coffee or meat coupons, but seven sheets of spare coupons and a surrender card should take care of any emergency.

Distribution of the new pink covered ration book is again undertaken by volunteer workers. Every applicant must complete the stub of "K" coupon sheet in Ration Book 4, filling in name, address and ration book prefix letters and serial number. The "K" coupon sheet must not be detached, but the whole book taken to the distributing centre where it will be returned upon issue of the new book.
